

International Diagnostic Course Davos Excellence in Teaching

The 7th IDKD Hong Kong:

We are pleased to announce the 7th IDKD to be held in Hong Kong on May 26th - 28th, 2017 on Disease of the Chest, Heart and Vascular System, to be taught by a world renowned international faculty who are leading experts in the field. As in the recent 2 years, the IDKD Asia program will be delivered in both Hong Kong and Beijing, China. Please find the announcement in the attached for your perusal and dissemination to your staff and colleagues. There will be 12 workshops and four highlight lectures on cutting edge aspects of the imaging of Chest, Heart and Vascular System held over 3 days. For more information, please visit www.idkd.org

We hope that you will continue to support the IDKD in Hong Kong, and look forward to seeing you at the course.

Sincerely,

Pek-Lan Khong
Member of Local Board, IDKD
Professor and Head
Department of Diagnostic Radiology
The University of Hong Kong
