## CALL FOR ABSTRACTS

Abstract Submission opens on 15th January 2017

The scientific committee welcomes the submission of scientific abstracts. Authors are requested to submit abstracts in the following areas of interest:

- Body Imaging
- Breast Imaging
- Cardiac Imaging
- Interventional Radiology
- Molecular Imaging / Nuclear Medicine
- Musculoskeletal
- Neuroradiology
- Paediatrics Radiology

### Abstract Deadlines

Abstract Submission Opens : 15th January 2017  
Abstract Submission Deadline : 31st May 2017  
Author Notification Of Acceptance : 30th June 2017

### Guidelines for Abstracts:

Structure for abstract submission

- Title of Abstract
- Names of all authors
- Details of affiliation of author(s); institution, city, country

Abstract content should consist of:

- Purpose of Study
- Materials and Method
- Results
- Conclusion

Abstract submission is to be done online at our website [www.aar2017.com](http://www.aar2017.com).

- Maximum number of words in abstract content is 300 words (excluding title, names and details of authors).
- You may attach up to 3 figures including graphic and tables, etc. are allowed in each abstract.

Ensure that all changes, corrections and proof reading have been carried out before submission. Successfully accepted abstracts will be published in AAR 2017 website unless informed by the applicant that he/she does not want the abstract to be published there.

### Selection of Abstracts

The Scientific Committee will evaluate all abstracts submitted and determine the selection for either oral or poster presentation. Official notification of acceptance or rejection of an abstract will be emailed to the corresponding person on 30th June 2017.

Criteria for selection shall be based upon:

- Relevance of the work to clinical practice or research
- Originality
- Content and presentation quality

## MESSAGE FROM THE ORGANISING CHAIRMAN OF 18TH CONGRESS OF THE ASEAN ASSOCIATION OF RADIOLOGY (AAR 2017)

Dear Colleagues and Friends,

I am delighted to welcome you to the 18th Congress of the ASEAN Association of Radiology (AAR 2017) to be held from September 28th to 30th 2017 in Shangri-La Hotel, Kuala Lumpur, Malaysia.

College of Radiology of Malaysia is extremely proud to host this biennial event which among its aims are to promote cooperation in scientific exchanges and establish closer professional rapport in the region. For this meeting, the theme is 'Across Borders, Envisioning the Future'. This meeting will incorporate the annual Malaysian Congress of Radiology (MCOR) and for the first time, 4 concurrent tracks are put up to give equal opportunity to the SIG (special interest group) to showcase the respective subspecialty. The interventional SIG through Malaysian Society of Interventional Radiology (MYSIR) will also conduct its annual scientific meeting during the congress. The lectures will include refresher sessions, reporting issues and overview of new developments amongst others. Delegates are also in a treat as the meeting will have speakers from the Radiological Society of North America (RSNA) and the Asian Oceanian Society of Radiology (AOSR) through the joint International Visiting Professor (IVP) program as well as the Asian Oceanian School of Radiology (AOSOR) joint session.

The venue is in the heart of Kuala Lumpur, a city of contrast and diversity. It is merely a five minute walk to the iconic Petronas Twin Towers and Kuala Lumpur Tower. Getting around in Kuala Lumpur is relatively easy with good transport infrastructure.

I would like to take this opportunity to thank everyone in the organising committee, invited faculty and sponsors for the support and contributions to the meeting.

Once again I extend my warm greetings to all participants, I believe you will enjoy the meeting and the beautiful city of Kuala Lumpur.

**Dr Amran Abdul Rahman**

Organising Chairman

## MESSAGE FROM THE PRESIDENT OF COLLEGE OF RADIOLOGY, ACADEMY OF MEDICINE OF MALAYSIA

In 2017, the time will come for the 18th Congress of ASEAN Association of Radiology in Kuala Lumpur, Malaysia.

Malaysia is once again honoured to be the host for this prestigious event. This is a great time for radiologists and radiology professionals in the Southeast Asian region to share and spread their knowledge and experience for the benefit of everyone.

This would also be a good time to rekindle friendships and cooperation between the radiology fraternities in the ASEAN region. For this congress, the organisers have endeavoured to take advantage of partnerships with regional and international radiology bodies to present a wide range of topics from a truly global faculty.

Kuala Lumpur, the garden city of lights, is a beautiful city of contrasts of the old and new, cultural diversity, retail therapy and great gastronomic delights. The perfect backdrop for the regional radiology community to meet.

On behalf of the College of Radiology, Academy of Medicine of Malaysia, and also the organising committee, I would like to welcome everyone to this congress.

Thank you.

### Dr Amir Fuad Hussain

President  
College of Radiology, Academy of Medicine of Malaysia

## ABOUT THE SOCIETY

On 23rd August 2001 the Malaysian Radiological Society (MRS) joined, en bloc, the Academy of Medicine of Malaysia and is now known as the College of Radiology, Academy of Medicine of Malaysia. The MRS has been officially dissolved and all previous functions including new activities and responsibilities are now performed by the College of Radiology, under the umbrella body of the Academy of Medicine.

The College of Radiology, Academy of Medicine of Malaysia members comprises clinical radiologists, clinical oncologists and nuclear physicians. It is a non-profit professional body and aims to serve patients and society by maximising the value of radiology, clinical oncology, interventional radiology, nuclear medicine, medical physics and other allied health sciences by:

- Improving the quality of patient care with better outcomes, cost-effectiveness and safety
- Advancing the science of radiology / biomedical imaging / clinical oncology / nuclear medicine through adoption of newer proven technologies and treatment modalities
- Positively influencing the socio-economics of the practice of radiology / biomedical imaging / clinical oncology / nuclear medicine
- Facilitating continuing education for radiology / biomedical imaging / clinical oncology / nuclear medicine and allied health professions
- Supporting, facilitating and promoting the conduct of research for the future of radiology / biomedical imaging, nuclear medicine and clinical oncology
- Forging closer relationships with other colleges to form partnerships in post graduate training and research activities
- Advising and assisting the relevant regulatory authorities
- Participating in educational community projects
- Establishing standards and practice guidelines in the use of Information Technology in the related disciplines

## MESSAGE FROM THE PRESIDENT OF AAR

Dear Colleagues

It is indeed our greatest pleasure to invite you to the 18th Congress of The ASEAN Association of Radiology (AAR 2017) on 28th - 30th September 2017 in Kuala Lumpur, Malaysia, with its theme about "Across Borders, Envisioning The Future"

Since X-ray was first found in 1895, radiology has evolved rapidly and turned into an exciting field of medicine with a rapid advancement in its sciences, therefore dynamic scientific programs and research presentations have been prepared to put us in the foremost knowledge. We invite radiologists from all ASEAN countries to engage in the latest teaching, research and further education in various subspecialty areas to improve your skills, share your experiences and develop your knowledge further.

Let me wish you all an enriching knowledgeable, learning experience, and enjoy the pleasant stay in Kuala Lumpur, Malaysia.

Warmest Regards,

**Mayjen TNI Dr Terawan A. Putranto**

## MESSAGE FROM THE SECRETARY-TREASURER OF AAR

Dear Colleagues

It is a great pleasure and an honor to extend to you a warm welcome to the 18th Congress of the ASEAN Association of Radiology (AAR 2017) to be held in Kuala Lumpur during 28th - 30th September 2017, under the theme "Across Borders, Envisioning The Future".

The organising committee has incorporated RSNA / AOSR International Visiting Professor programme and AOSOR special session which will give the participants not only the opportunity to exchange knowledge and experiences among members in the region but also with the expert from other parts of the world.

The first AAR Congress has been held in Kuala Lumpur October 1980. It has been 36 years since then that this biennial meeting has been going on and getting stronger with continuous support from all country members.

I would like to thank the organising committee for their great preparation and wish this 18th Congress of the ASEAN Association of Radiology (AAR 2017) a successful and memorable one.

**Chamaree Chuapetcharasopon, MD, MBA**

Secretary-Treasurer, ASEAN Association of Radiology  
President, Radiological Society of Thailand

## ASEAN ASSOCIATION OF RADIOLOGY (AAR)

In January 1980, an inaugural meeting of the ASEAN radiologists took place in Manila, Philippines. Various representatives of the ASEAN countries agreed to form an ASEAN Association of Radiologists (AAR). The first President of the AAR was Dr Ganilyas from Indonesia and the Secretary was Dr H K Boey from Singapore.

The AAR biennial meeting is held in ASEAN countries on a rotational basis.

## GENERAL INFORMATION

### Visa Requirements

All citizens require a valid passport to enter Malaysia with a validity period of six months beyond the length of their stay. Participants are strongly advised to make sure they fulfill all legal requirements to enter Malaysia. Besides a valid passport, an entry visa may also be required. Please visit the official website of the Immigration Department of Malaysia <http://www.imi.gov.my/index.php/en/mainservicesvisa> to find out whether, depending on your citizenship, country of long-term residence, and the duration and reasons for your stay, you need a visa to enter Malaysia. It is highly recommended to start the process a minimum of 2 ½ months prior to your arrival.

Please contact your nearest Malaysian consulate or embassy in your country of residence for further information.

### Climate and Clothing

Kuala Lumpur enjoys sub-tropical weather conditions throughout the year with temperatures from around 22°C to 33°C (90 Fahrenheit). During November scattered rain and showers are expected but these seldom last more than an hour or two. Light clothing is recommended and attire is informal except for official functions when a lounge suit, national dress or long-sleeved shirt for gentlemen is appropriate. Modest attire (avoid shorts, mini-skirts and bare midriffs) is advisable when visiting mosques, churches, temples, other place of worship and rural villages. A light jacket is recommended when attending the conference sessions and when out in the evenings.

### Local Time

Standard Malaysian time is eight hours ahead of Greenwich Mean Time (GMT)

### Business Hours

Shops are generally open between the hours of 10:00 – 22:00.

Banking hours are between the hours of 09:30 – 16:00. Government offices are closed on Saturdays and Sundays.

### Electricity

The electric current is 220-240 volts AC, 50 cycles per second (British BS-1363), and power plugs are three-pin, square-shaped. On request, most hotels will provide transformers to visitors with electrical appliances of a different voltage. However, it is advisable to bring an adaptor and transformer for your electrical or electronic equipment using different voltage.

### Emergency

In case of an emergency - dial (the call is free within Kuala Lumpur):

Ambulance : 999

Police : 999

Fire : 994

### Gratuities

In Kuala Lumpur tipping is not necessary. The more expensive hotels and restaurants add a 10% service charge to their bills. While tipping is not expected, it is appreciated when there is no service charge, or where excellent service is encountered.

### Smoking Restrictions

Smoking is not permitted in hospitals/clinics, airports, public lifts and toilets, air-conditioned restaurants, public transport, government premises, educational institutions, petrol stations, Internet cafes, shopping complexes and private office spaces with central air conditioning.

### About The Venue

The Shangri-La Hotel, Kuala Lumpur, the city's premier 5-star luxurious hotel is the preferred venue for major international, regional and local conventions, tradeshows and private functions. Nestled amidst lush greenery in the heart of the city, the hotel is just moments from the city' leading business, shopping and entertainment districts, offering a stimulating environment where one can work, live, shop and enjoy.
